Thinkers

At iCAN we think and reflect on our learning and experiences. This means we are able to think about issues raised by what we are learning, understand and respect the points of view of others whilst also considering how they impact our own lives. We are able to think about our strengths and weaknesses and how we can develop them.

- Draw a picture of yourself.
- Make sure that your picture shows you doing something you know you can do well or something that you really like to do.

Challenge 5: Mail!

- Have some thinking time and try to think of someone you know is feeling a bit down.
- Maybe this person would feel better if you made him/her a post card!
- Send or give your post card to that person.
- It's great to think about others!

Challenge 6: Talk about your story

- When you're reading a book at home, stop reading when you're in the middle of the story and have a think about these questions:
 - What do you think will happen next in the story?
 - How would you feel if you were the main character of the story?
 - How do you think this story is going to end?

Challenge 8: Future

- We don't know about our future yet, we can't really tell what's going to happen.
- But have a think...
- Where would you be in 1 year time? What would you like to do? What would have changed?
- And where would you be in 10 years time? What would be the same and different compared to now?
- What are your thoughts for the future?
